POLL

Cascade **Funding**

The concept and the benefits

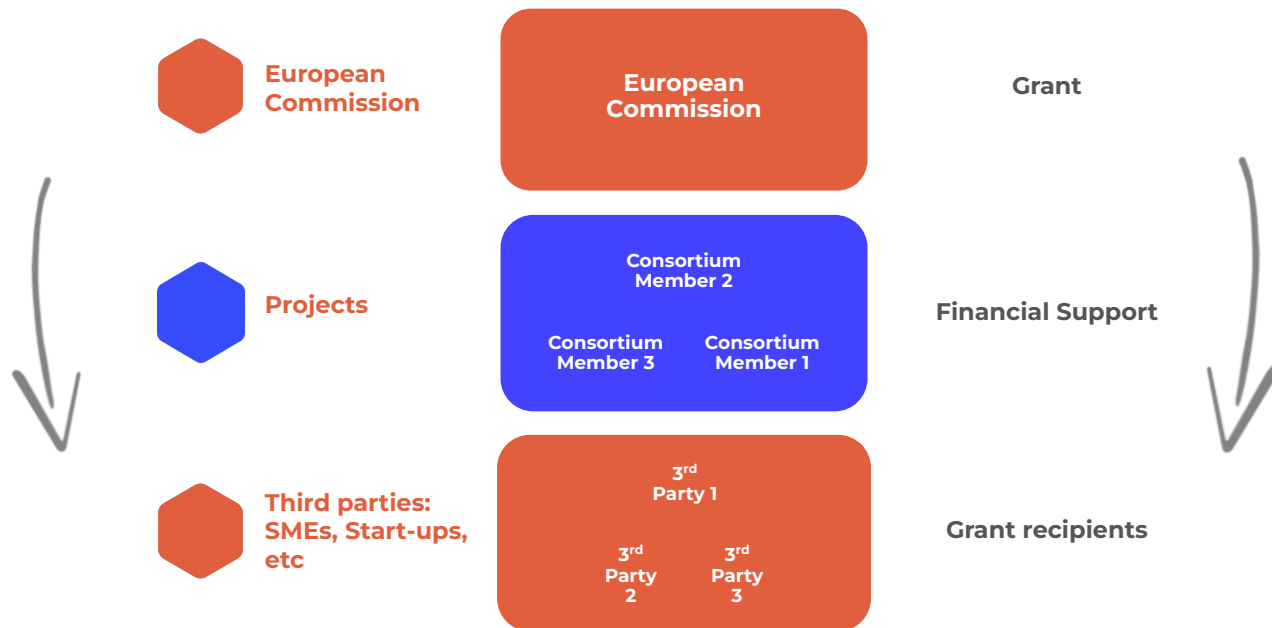

What is **Cascade Funding?**

Cascade Funding is a fair and transparent method of distributing financial resources to startups and SMEs (beneficiaries) through a system of open calls for proposals managed by the consortium which acts as a intermediary between the beneficiaries and the granter - European Commission.

Cascade Funding

Who is the **Cascade Funding Target?**

- Entrepreneurs
 - Startups & innovative SMEs
 - “Adopters” (companies, generally SMEs and MidCaps, willing to implement a new technology to improve their processes)
 - Universities
 - Research & Technology Organisations
- DIHs

Different open calls for different objectives:

Accelerating startups

Acceleration open calls are targeted towards entrepreneurs and startups resorting to the technology promoted by the project.

Supporting pilots, demonstrations and/or experiments

Experiments open calls support specific technology transfer initiatives undertaken by startups or SMEs.

Integrating more participants to the project

Integration open calls organised by a project intend to extend its scope or to address specific tasks.

Types of Programmes

Acceleration programme

- **Type of beneficiaries:** Deep tech startups and scaleups
- **Expected results:** Proof of Concept, Prototype, MVP
- **Duration:** around 6 months

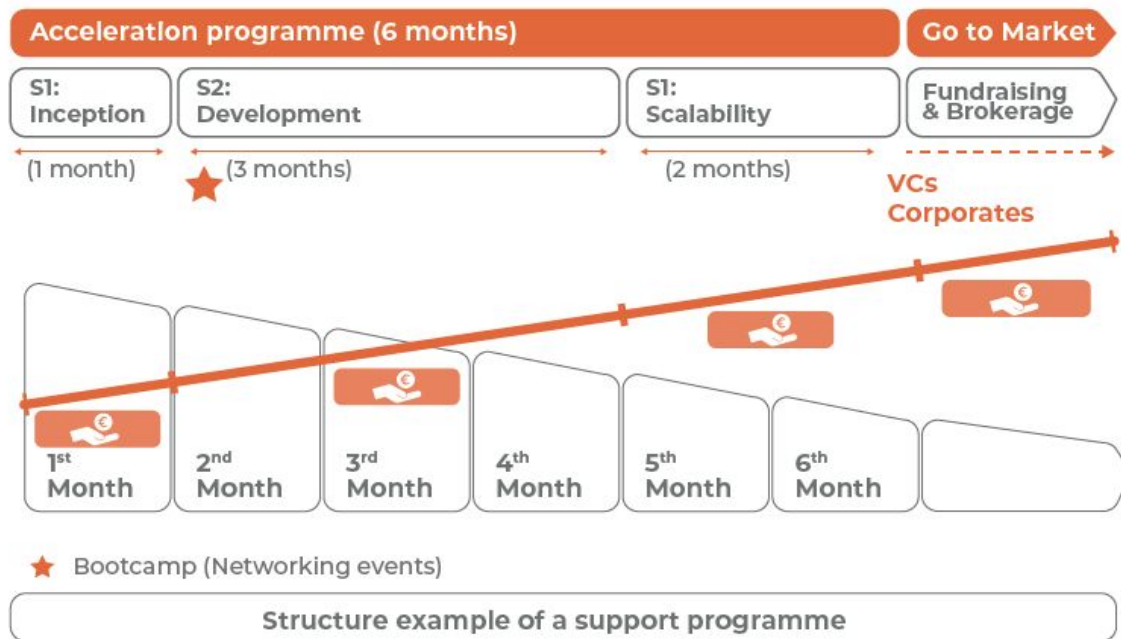

Technology transfer programme

- **Type of beneficiaries:** SMEs
- **Expected results:** Proof of Concept, Prototype/Demonstrators, MVP/Pilot
- **Duration:** Around 12 months

One Example of Acceleration Programme

Benefits **of Cascade Funding**

1

Efficiency of the application process.

2

Funding & Mentors

3

Higher reach/deeper penetration of the market.
